

48" PORTABLE EVAPORATIVE COOLING UNIT

MODEL NUMBER: VTECF-48-22K

APPLICATIONS:

Outdoor Activities | Sporting Events | Entertainment
Industrial Plants | Construction Sites

All of Ventocool's units are equipped with high performing and highly efficient motors and blades that allow the cool air to travel faster and reach farther distances while successfully lowering the air temperature in between.

When water evaporates into the air, you can experience an immediate drop in ambient temperatures, including, in some cases, by as much as 30 degrees or more.

FEATURES:

- Tough and durable plastic housing. Variable speed control.
- Long term dependability and virtually maintenance free.

| | |
|------------------|------------------------------------|
| Warranty | 1 Year Material and Craftsmanship |
| Fan Motor | 1 H.P. - 115V/60Hz, 7.2 amperes |
| Water Pump | 1/6 H.P. - 115V/60Hz, 2 amperes |
| Air flow | 22,000 CFM |
| Water Reservoir | Built in 65 gallon water reservoir |
| Cooling Capacity | Up to 4,850 ft ² |
| Unit Dimensions | 90" (H) x 85" (W) x 35" (D) |
| Unit Weight | 330 lbs. |
